

VoiceLink^{Plus} wireless classroom microphone system

The VoiceLink Plus system is an essential complement to the interactive whiteboard system: Whiteboard for visual, VoiceLink Plus to reinforce the teacher's voice and amplify media sources. The VoiceLink Plus system features an infrared wireless microphone receiver with a 20 watt amplifier to power two or four speakers. An infrared transmitter/microphone transmits the teacher's voice with absolute clarity and complete freedom of movement throughout the room. An auxiliary input on the front panel facilitates the output of a computer DVD or iPod to supplement the instructional program.

The ESSENTIAL classroom sound-field system

The voice is a teacher's most powerful teaching tool, but it also needs to be protected. The VoiceLink Plus system allows the teacher to speak more comfortably and be heard more precisely, no matter where the teacher is located.

TeachLogic has developed infrared technology to a very high level that guarantees constant connectivity. Our microphone capsules ensure that you can achieve the maximum amount of gain before feedback, while maintaining a very natural reproduction of the presenter's voice.

Sapphire
(IRT-55)

Microphone Transmitter

The Sapphire's light weight, small size, and optimum performance make it the ideal infrared microphone to complete any of our infrared classroom system packages.

VoiceLink ^{Plus} wireless classroom microphone system

Amplifier/Receiver Features

- Two Power Amplifiers: 10 watts ea
- One IR wireless microphone receiver
- One Auxiliary front panel line level input with adjustable gain, 3.5mm input jack
- Two RCA sensor inputs
- One four-pin phoenix speaker connector
- Mounting bracket
- Light Weight 1 lb.

All Voicelink Plus Systems Include

- Voicelink Plus Receiver/Amplifier IMA-100
- Ceiling Sensor for IR connectivity ICS-55 throughout room
- Four Speakers, either
 - a. Ceiling-Mount with Tile Bridge SP-628
 - b. Wall-Mount with bracket SP-2000
 - c. Lay-In Panel Speaker with 60' of 18 gauge cable SP-628L

Complementary Components to Complete the System

System Models

IRV-3150 two speaker package **IRV-3415** four speaker package
Sapphire transmitter/microphone with Lithium battery (IRT-55), Plug-in battery charger (BRC-15) and choice of Speaker Package

IRV-3200 two speaker package **IRV-3420** four speaker package
Crescent transmitter/microphone with Duracell NiMH battery (IRT-30) with plug-in microphone (PM-505), Drop-in battery charger (BRC-50) and choice of Speaker Package

IRV-3350 two speaker package **IRV-3435** four speaker package
Handheld transmitter/microphone with Duracell NiMH battery (IRH-35), Drop-in battery charger (BRC-101) and choice of Speaker Package

Either Ceiling or Wall-Mount Speakers Included

Ceiling Mount Speakers with Tile Bridge Model: SP-628

Full range speaker with a 6.5" woofer and a high frequency dome tweeter for wide dispersion of critical "consonant" frequencies. Speaker is enclosed in a sealed metal backcan with plenum rating.

Wall-Mount Speaker with Bracket Model: SP-2000

Two-way speaker with a 5" woofer and a high frequency mylar dome tweeter housed in a port tuned enclosure. Extended bass response for full rich sound.

Optional Easy Installation Speaker

Lay-in Panel Speaker with Full Range Speaker Model: SP-628L

Same SP-628 speaker mounted on a quarter ceiling panel with T-bar attached for labor saving installation. Heavy duty, powder coated for buzz free performance. (Option: additional cost)
